

METROPOLITAN
REALTY

2106 Gallows Road, Ste D, Tysons Corner, Virginia 22182 • www.metropolitanrealty.co

Antoinette Khatib has literally grown up in the real estate industry. After her father, Khalil Khatib started his firm in 1978, the Khatib real estate dynasty was born, and Antoinette would become its principal heir.

But before she would take on her own business reigns, Antoinette would work in project management for General Resources Development Group and Ward Hall Associates in Fairfax, VA, where she oversaw and managed construction on the renovations for the American Red Cross buildings in NW Washington, DC. This sparked her desire to see what else the industry had to offer. So, while working on these projects, Antoinette became a licensed Realtor® and appraiser.

She began her career with First International Real Estate in 2000, and within 3 years, she obtained her brokers license and opened her own firm, Metropolitan Realty LLC. Then, in 2010, Antoinette expanded her business from residential real estate into commercial properties. The rest is real estate history. Antoinette continues to build her own legacy as one of the DMV's premier Realtors® and brokers.

From investments to industrial properties, commercial leasing to condo conversions, management to multi-family developments, working with families to closing for large companies and foreign investors, Antoinette has run the spectrum of real estate ventures both locally and internationally. Her proven track record and dedication to customer service has made her one of the most sought-after brokers in the area.
